## U.S.B. Treasurer

It's time for a change. There hasn't been a girl USB Treasurer since 1966. I feel I am qualified because I am well oriented to this work; I have had one year of bookkeeping, two years of typing, one semester of business math, I am the treasurer of Synchronized Swimming, and was a member of the Junior Class Council. I also worked in concessions during football games. I have been the top seller of all my club's candy sales. I have had two years of Junior Achievement, one year I held the office of Vice-President of Sales, this year I am the President of my company.

I want to be Treasurer because I can do this work and I will do my best. I want people to vote for me because of my qualifications, my hard work and not because I am a girl. There will be a change in Ramona next year if I am elected and it will be for the best.
